This is an office complex combining three buildings connected by two inner courtyards, a large part of which was the French Socialist Party's former headquarters, which consists of approximately 40,000 total sq. ft.

The €125 million (approximately \$149 million) purchase price for this building, is in line with market values, includes the complete renovation of the site and is financed by a 10-year €120 million (approximately \$143 million) bank loan to take advantage of low current interest rates.

Spearheaded by the architectural firm Jean-Paul Viguier & Associés, this redevelopment project combines state-of-the-art restoration with a high level of comfort and performance in terms of energy, temperature control, acoustics and domotics, reflecting a demanding environmental strategy for obtaining BREEAM ⁽¹⁾ and HQE ⁽²⁾ certifications.
